

Parenting

Everyone's got a bottom
A colourful storybook for parents and carers that helps gently start conversations about personal safety with children aged 3 to 8. Winner of the 2007 Child Protection Week Award for an Education Initiative. More than 20,000 copies sold.
87103911 @ \$16.00 each = \$ _____

Feel Safe CD
Promotes personal safety for young people with learning needs through the stories of six young people aged 12-16 years. The CD reinforces personal safety information on: types of touch, rules about touch, feelings, who to talk to if you need help, male and female body parts, wanted and unwanted touch and body warning signs through interactive games.
91400001 @ \$70.00 each = \$ _____

Is this normal?
Understanding your child's sexual behaviour
This book provides parents and carers with an explanation of the Traffic Lights framework for understanding and responding to children's sexual behaviours. The book tells stories about everyday situations where action might be needed and gives tools to support communication with children about sexuality and relationships and ideas for what to do when a child's sexual behaviour is not appropriate for their age. Suggestions for how to get support are also provided. Knowing more about sexual behaviours is part of helping protect children from harm.

Clinicians & clinical educators

Contraception: an Australian clinical practice handbook and CD
The second edition of the handbook, co-authored by medical experts from a number of organisations of Sexual Health & Family Planning Australia (SHFA) has been updated to reflect the latest international research and experience on all methods of contraception. It supports and promotes optimal clinical practice by providing GPs and nurses with evidence based consensus recommendations on contraceptive delivery in the Australian setting.
OUT OF STOCK NEW EDITION OUT SOON

Contraception Choices
A laminated flip chart, comprising full colour graphics and information about different methods of contraception. Participant pages show full colour graphics of the contraceptive method. The facilitator pages show text, providing information about the method of contraception including how it works, advantages and disadvantages — useful for any group conducting sexual health education programs.
86951391 @ \$40.00 each = \$ _____

Sexual and reproductive health & BBV resources CD
Containing more than 1000 factsheets for clinicians and their clients, this is suitable for outreach workers, health professionals and anyone working in sexual and reproductive health. It provides instant access to up to date information, without an internet connection. Updated annually.
94100001 @ \$10.00 each = \$ _____

CONNECTIONS CD Rom and DVD resource package
Builds specific communication and consultation skills to use with young people attending general practice for contraception and other sexual health concerns. This package contains all that you need to run workshops or short interactive sessions or tutorials, from the facilitator guide to the participant workbook.
