Family Planning Queensland

About Us
Since 1972, Family Planning Queensland (FPQ) has been the leading provider of reproductive and sexual health and education services across the state. FPQ is a nonprofit, nongovernment organisation that works in partnership to maximise impact and deliver outcomes.

Our Vision
Sexual and reproductive health and safe, respectful relationships for all

Our Mission
At FPQ, we deliver:
• confidential, quality sexual and reproductive health care
• expert resources and training in sexual and reproductive health,
• personal safety, sexuality and relationships education for professionals, families and communities

At FPQ, we support people to:
• be safe in all their personal relationships
• achieve physical, emotional and social wellbeing in relation to sexuality across their lifespan
• understand and have positive, respectful safe sexual experiences, free of coercion, discrimination and violence
• access and make informed choices about reproduction and reproductive health
**Leadership and excellence**: Be recognised as the Queensland leader and centre of excellence in sexual and reproductive health and safe, respectful relationships training and education.

**Co-design and deliver services**: Develop deep relationships and partnerships with government, non-government and the private sector to co-design and enhance the delivery of sexual and reproductive health and safe, respectful relationship programs and services for all Queenslanders.

**Product and service innovation**: Create, promote and market innovative products and services that help create safe, healthy and informed communities across Queensland, Australia and internationally.

**Profit for purpose**: Establish a social enterprise whose profits serve our charitable purpose enabling FPQ to do more for our communities as well as decreasing the burden on government support.

**Corporate and philanthropic partnerships**: Cultivate partnerships with businesses, philanthropic foundations and individual donors to enable us to flexibly and responsively deliver our mission across the community.

**Enhance focus on service delivery**: Provide infrastructure and business services for smaller NGOs, enhancing investment in community outcomes rather than overheads.
